

JOB DESCRIPTION AND PERSON SPECIFICATION

JOB TITLE: Fitter/Fabrication Operative
REPORTING TO: Fitter/Fabrication Team Leader
RESPONSIBLE FOR: N/A

JOB SUMMARY:

The Fitter/Fabrication Operative is responsible for the fabrication and tacking of light to medium gauge steel in line with the detailed engineering drawings provided, occasionally liaising with other departments of the fabrication shop to ensure the fabrication is to the standard required.

MAIN DUTIES OF JOB:

- Read, interpret and follow engineering plans, drawings and instructions to ensure exact specifications of output
- Fabricating work in various gauge metals (light to medium)
- Grinding/polishing fabricated items by using various handheld tools and/or dedicated material finishing machinery
- Assembly of finished machined painted and fabricated items to meet the customers specification.
- Ensure production times are met.
- Perform all work in accordance with quality standards and safety procedures
- Maintain machinery and tools using preventative maintenance methods
- Maintain a clean and safe working environment

OTHER DUTIES:

A degree of flexibility is needed and the employee may be required to perform work not specifically referred to above.

HEALTH AND SAFETY:

The Company has a Health and Safety Policy which outlines it's responsibilities as an employer and the responsibilities of it's employees in respect of health and safety. All employees need to be aware of this policy and comply with it's content.

COMPANY VALUES

RELIABLE

Our customers trust us because we manufacture high quality, durable and long-lasting products which continue to deliver value over their lifetime.

CUSTOMER FOCUSED

We operate globally, with local presence across 5 continents. We are committed to supporting our customers from first contact and continually look for opportunities to add value.

FAMILY FEEL

We are proud to be a family business, we want all of our people to feel a sense of inclusion, support and belonging.

SOLUTIONS ORIENTATED

We are experts in the design and assembly of custom packages for challenging environments and work with our customers to deliver the best solution to suit their needs.

RESPONSIBLE

We are resource aware and mindful of full-life cycle costs. We are consciously developing new product applications to support a cleaner, safer, more sustainable future.
