

JOB DESCRIPTION AND PERSON SPECIFICATION

JOB TITLE: Fabricator and Mig/Tig Welder

REPORTING TO: Production Manager

RESPONSIBLE FOR: N/A

JOB SUMMARY:

The Fabricator and Mig/Tig Welder is responsible for the fabrication and welding of light to medium gauge steel in line with the detailed engineering drawing provided, occasionally liaising with other departments of the fabrication shop to ensure the fabrication is to the standard required.

DUTIES OF THE ROLE

- Read, interpret and follow engineering plans, drawings and instructions to ensure exact specifications of output
- Fabricating work in various gauge metals (light to medium)
- MIG welding (predominately mild steel)
- Tig welding (predominately stainless steel)
- Grinding/polishing fabricated items by using various handheld tools and/or dedicated material finishing machinery
- Perform quality checks to ensure products meet quality standards
- Ensure production times are met
- Perform all work in accordance with quality standards and safety procedures
- Maintain machinery and tools using preventative maintenance methods
- Maintain a clean and safe working environment

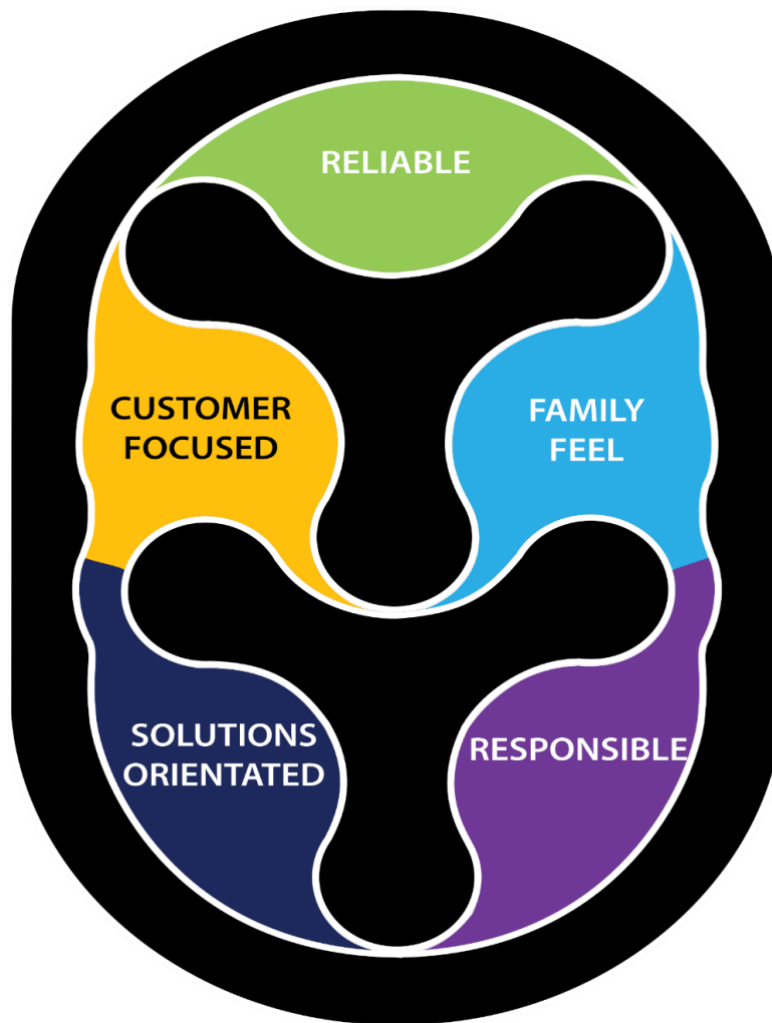

OTHER DUTIES:

A degree of flexibility is needed and the employee may be required to perform work not specifically referred to above.

HEALTH AND SAFETY:

The Company has a Health and Safety Policy which outlines it's responsibilities as an employer and the responsibilities of it's employees in respect of health and safety. All employees need to be aware of this policy and comply with it's content.

OUR VALUES

RELIABLE

Our customers trust us because we manufacture high quality, durable and long-lasting products which continue to deliver value over their lifetime.
